## Welcome

Over the last 12 months, the Hendre group has continued to work and build out of the pandemic, innovating the way we deliver our wide range of services to customers and providing ongoing well-being support to our colleagues.

We continue to be a sector leader and are proud of our unique position in Wales providing housing, care and support services. We have developed excellent relationships with government, both local and national, and are keen to do more through collaboration and partnership.

We are also open to partnerships with other housing associations and continue to lead discussions about utilising the capacity of the sector locally in addressing a range of needs.

As part of our response to the wider role around emerging social, economic and environmental crisis, we have continued to develop solutions to some of society's challenges that our tenants and residents face, such as loneliness and isolation through our collaborative development of our Home Care app.

We are reshaping our social care offer, seeking partnerships with local government and health boards in the delivery of innovative services, with a focus on high quality, modern facilities and highly skilled colleagues.

Strengthening our Board has remained a key focus to ensure a strong skill mix that reflects our services and aspirations. We have attracted four new high-profile Board members, bringing an additional range of expertise and experiences across housing, care and the broader public service agenda to aid our strategic decision-making.

Our ambition is to increase investment in our housing stock, focusing on repairs and maintenance. This includes addressing the backlog of repairs that we were unable to complete during the pandemic due to lockdown restrictions. We will deliver high-quality repairs that are fit for purpose in a timely manner to meet customer expectations and within budget. This will provide a long-lasting solution and also contribute to our aim of becoming a carbon neutral organisation.

Our Board has shown leadership in response to the climate emergency through their endorsement of Hafod's decarbonisation working group. The group have developed a strategy which includes short, mid and long term actions to deliver Welsh Government's decarbonisation ambitions.

We are working towards becoming a net carbon zero organisation by 2036 through new ways of working such as digitalisation, and also reviewing our supply chains and resources across the business. We've rolled out a carbon literacy programme to raise awareness amongst colleagues of the impact of our actions to ensure we all make climate-responsible decisions.

Looking ahead, we are confident that the next 12 months will bring further opportunities and success which will see us continue to strengthen our services for our customers.

# Financial performance

We continued to demonstrate strong financial performance throughout 2021.

In this section, you will find a four year summary of our financial performance and key financial indicators.

## Our financial performance

Our turnover grew by 2.5% in 2021 to £63.8m (2020: £62.3m), despite the on-going challenges of the Covid pandemic. Operating surplus of £8.5m was 13.3% of turnover (2020: £8.9m and 14.3% of turnover) and net surplus of £2.8m represents 4.4% of turnover (2020: £3.3m and 5.4% of turnover). While operating and net margins have fallen, this is a combination of factors associated with pandemic restrictions and the effects of emerging from those restrictions. Material effects were:

- Care home occupancy was impacted by homes entering local lockdown at certain points during the year. Support has been received from the Welsh Government to manage the cost impact of the void position.
- As Wales emerged from lockdown restrictions and concerns over access to properties eased, the levels of reactive and planned maintenance increased above prior year levels where access remained restricted for large parts of the year.

Our St Isan Care Home closed in March 2022. The financial impact of the closure was incorporated in 2021 results including providing for redundancy and asset write-off costs. The impact of closure is not material in relation to the overall results for the year.

Apart from higher maintenance costs, the underlying performance of Hafod's housing provision has remained strong with voids and arrears levels reaching historical lows at certain points during 2021.

“ ”

The strength of our core business and excellent liquidity means that we have the financial capacity to continue to manage the effects of the pandemic and fulfil our strategic objectives.

<b>Total comprehensive income for the year</b>	<b>4.3</b>	<b>2.9</b>	<b>2.4</b>

An independent evaluation of the Greater Gwent (Torfaen) final salary pension scheme resulted in an actuarial gain on the scheme being reported in Hafod Housing Association Limited's statement of comprehensive income for the year of £1.5m (2020: £0.4m actuarial loss). This matter is dealt with further in the financial statements.

We maintain adequate headroom over covenant levels to manage the challenges presented by the current economic climate. The Group is not exposed to interest rate risk within the next 12 months from its current drawn debt portfolio with all drawn debt at a fixed rate of interest.

## Summary statement of financial position – Group

	2021 £m	2020 £m	2019 £m
Fixed assets	389.8	381.9	369.8

<b>Closing cash and cash equivalents</b>	<b>29.5</b>	<b>20.6</b>	<b>18.4</b>

There was a net cash inflow from operating activities during the year of £14.7m (2020: £16.3m). External borrowing was offset by bank account balances to leave net debt at the end of 2021 of £105m (2020: £117m). After cash outflows in respect of interest payable, loan repayments, investment in component replacements and purchase of replacement fixed assets, the Group generated 'free cash flows' of £2.7m (2020: £6.9m). The Group's net debt position improved primarily due to the receipt of £15.7m government grants towards the development programme which continues apace.

The Group's cash and liquidity position remains strong and cash balances increased from £20.6m in 2020 to £29.5m in 2021 with a committed facility of £20m available in both years. Our Group's cash position is managed through daily, weekly and monthly cash management and forecasting.

The financial statements and supporting notes detail the financial performance of the various operating activities of the Group.

# Strategic review and performance

As we entered 2022 the Board, Executive team and senior leaders reflected on the challenges we faced in 2021 and how through the commitment of our colleagues we finished the year in a good financial position and have successfully delivered a number of strategic objectives.

This section includes our Strategic Plan, our strategic priorities and our six priorities for 2022.

## Our Strategic Plan 2021-2025

Our Strategic Plan covers the period 2021-2025, when the world is likely to change significantly – politically, socially, economically and environmentally. It is ambitious and future proof. It will ensure our services remain relevant and in-step with how customers live their lives.

## Our plan has identified 11 strategic objectives

### Want to know more?

2022 will be a challenging year for many of us with inflation pressures, rising energy prices, continued uncertainty around Covid and the removal of Covid support funding.

In this section we will be sharing some key information about our customers including how customers engage with us, our neighbourhood coaching approach, housing and support case studies and highlights of our care customers' satisfaction.

## Six Strategic Priorities 2022

### Infrastructure

Investing in our tools and resources to improve long term viability and sustainability for the benefit of colleagues' working practices and enhancing our customers' quality of life.

### Operating model

Using our resources efficiently and effectively to deliver high quality services to our customers.

### Governance

Working to an effective risk management framework and meeting regulatory legislation.

### Customers

Continuing to focus on enhancing our customers' experience in everything we do.

### Assets

Having an effective system for repairs and maintenance to meet required standards, making sure customers live in a safe environment.

### Viability

Meeting the requirements of regulation and financial lenders while continuing to provide strong and sustainable services for our customers.

In 2022 a project board approach will be applied throughout the business to ensure alignment, monitoring and delivery of the strategic objectives.

# Focus on customers

Customers who feel part of a safe, connected community where they receive high quality services is a key outcome for us. By building strong relationships with our customers, understanding community needs and unlocking people's potential we are paving the way for a future where our customers do for themselves and each other; building sustainable, resilient communities.

In this section we will be sharing some key information about our customers including how customers engage with us, our neighbourhood coaching approach, housing and support case studies and highlights of our care customers' satisfaction.

## Focus on our coaching approach

We switched to a neighbourhood coaching model in 2019, which has allowed us to get closer to our customers, building relationships and trust. This has allowed customers to approach us before they reach crisis point and enables us to work with them on all areas affecting tenancy sustainability including health, support, finance, education and much more.

Our coaching model has also enabled us to look at barriers to achieving these things such as confidence to give each person the tools they need to prosper. Through working with customers in this way, we are able to encourage them to value and perceive themselves as assets in their community. Where there are any needs for support or help, we encourage them to own their own solutions so that we know their desired outcome and can ensure that we offer a person-centred service.

It is clear that whilst there is still a long way to go in ensuring a more joined up approach with housing, health and support, we are hopeful that if all professionals continue to encompass the passion to eradicate homelessness and ensure tenancy sustainability, we can all achieve great things.

### Joyce's story

Joyce has been a resident for over 32 years and recently she was taken into hospital for a routine check and caught Covid. Since then she has not been herself and there are a lot of things that she cannot do for herself which she could before such as cleaning, washing, cooking, walking unaided and so on.

Over the years, herself and her neighbours Amanda (No.21) and Vance (No.20) have formed a really close friendship and they have been looking out for each other, helping with day-to-day life as well as emotional support.

### Actions

Joyce's neighbours and Joyce's family decided as a surprise to redecorate the property so she would come home to a nice home (as she hasn't decorated for a while). Hafod also gave her some daffodil bulbs for her front garden as Joyce loves her flowers.

Vance has always been happy to lend a hand as well if Joyce needs some shopping or help with DIY. Another neighbour Sian (No. 40) also helps out, often cutting Joyce's hair. Joyce appreciates all the help she gets especially Amanda who takes care of her day-to-day living. Joyce said: "She brings me different meals every day. She makes sure I take my tablets and kicks everyone out when teatime comes!"

### The outcome

Joyce loves her home and her neighbours. She really appreciates everything we do for her and her neighbours. Her housing coach, Fatoma Yarwood is doing all she can to make Joyce's life easier by getting her some minor adaptations such as a ramp for her so she is not housebound and she can go outside and look at her flower garden which gives her lots of joy.

“““

The story is so inspiring. It goes to show there are really nice people out there who will look out for you whether you are family or not. The community spirit is lovely.

**Lisa Lee,**  
**Neighbourhood Housing Coach**

## Focus on our coaching model

### The previous issues were

We were housing many individuals who were unable to sustain tenancies

Traditional 'enforcement led' approaches not working

Services were reactive and delivered in response to a problem

Evictions taking place due to the reactive service

### Our new approach means

We follow an asset based approach developed through the new neighbourhood coach

We focus on developing relationships with customers

We help navigate customers through support, care and health

We look at the causes of problems, not the symptoms

### Our results

Very few evictions into homelessness

Improved our tenancy sustainability

We have better links with health and care to address any issues

Person-centred approaches

Trust developed with our customers

# “““

Proactively reaching out to customers to offer help and assistance during this difficult and uncertain period has been the focus for frontline services.

Asking what matters and making every contact count has been crucial to delivering side by side support to customers and communities, all helping to nurture improved health and well-being.

Corporate Director - Homes and Communities

## Our care customers' feedback

Each year we ask our residents, relatives, visiting professionals and colleagues for their views as part of our satisfaction survey which we share with Care Inspectorate Wales. This helps us to understand what we need to keep doing and where we need to improve. You can read a selection of the feedback highlights and comments below from our residents and family members.

2021 saw a focus on our care services, the delivery of our 5 year Care Strategy will see increased strength, presence and viability in 2022 and beyond.

# Focus on colleagues

At the heart of our organisation are our 1,255 colleagues. Each colleague plays a vital role in providing services to our customers and are central to the delivery of our strategic priorities. Working in care, housing, support, or central services our professional colleagues make lives better for customers every day.

## About our colleagues

2021 has continued to be challenging for our colleagues, in particular those in frontline roles. The beginning of 2021 was particularly difficult as the second wave of the pandemic hit.

The impact of the pandemic continues to be felt across the organisation with continued remote working, recruitment challenges, impacts on colleague well-being and higher than average absence rates.

As the year has progressed we have been successful in moving forward our People Strategy and have seen our response to Covid moving from a reactive to proactive position. We ended 2021 in a strong position relating to our colleagues with improvements in colleague turnover and retention and many colleague successes to celebrate.

## Great Place to Work (GPTW)

In 2021 we launched our GPTW survey to all colleagues with over 450 of our colleagues responding (36%). We were delighted that for our first survey we achieved 66% for our trust index which certified Hafod as a 'great place to work'. In addition, we made the Best Workplace for Women list due to the high trust index for our female workforce.

GPTW supplied us with considerable data relating to the survey and we have used this information to communicate the results to all colleagues via meetings and communications. Each leader and manager have also delivered the results to their teams and have put in place action plans to improve ways of working for colleagues.

The top scoring areas in the survey related to how colleagues are treated in relation to their sexual orientation, gender and race and we are pleased that over 90% of colleagues have rated Hafod positively in these areas. We are also delighted that colleagues have a sense of pride working for Hafod and do not see their role as 'just a job'.

# Governance

Our robust governance and risk management framework together with strong leadership helps us establish and maintain defined roles across the organisation.

We deliver and progress our strategic priorities, whilst ensuring we adhere with all relevant laws and regulatory requirements, through clear, effective leadership and informed decision-making.

In this section you can read about the overarching governance framework which includes risk, management, vfm, etc.

## Risk and risk management

As part of our strategic planning process and risk management culture across the organisation a Risk Management Framework was developed in May 2019 and reviewed in September 2020. This document is designed to deliver a consistent framework for risk management across the Group as an integral part of decision making including forming part of our strategic planning process.

Risk management is applied at four levels:

### Strategic

Risks identified and managed by the Hendre Board and Executive Board. These are risks that could de-stabilise the business or have a significant impact on our long-term strategic objectives.

### Corporate

Risks from across the business that have collective oversight by the Executive Board and Senior Management team where the risks could impact operational plans, financial performance, project risks, or anything that could undermine business goals.

### Operational

Risks identified in the business environment for each individual business unit/directorate where risks are managed locally.

### Project

Risks identified as potential barriers to delivering projects against scope.

The overall risks and challenges facing the Hendre Group are assessed and monitored by the Board and Audit and Risk Committee on a regular basis using the risk management framework.

A key factor is having a comprehensive understanding of the business environment in which the Group operates and the key factors that will impact upon the Group's aim of sustaining long term financial viability that will enable it to continue to provide high quality services to current and new customers within a well governed organisation.

The Board has set its appetite for risk and will use this as a benchmark for making strategic decisions about current service provision or future growth.

““““

Managing risk is essential in helping us achieve success in meeting our strategic objectives. We do not approach risk management as a mere compliance issue but more of an enabler for the organisation to grow and innovate with the confidence of expert oversight.

Our Audit and Risk Committee review our risk register at every meeting and work with the internal and external audit teams. They also take the opportunity for deep dives into specific risks, allowing interaction through all levels of our organisation – this enables a great temperature check in terms of risk ratings, controls and actions to provide even greater levels of assurance.

**Neil Davies,**  
**Chair of Audit and Risk Committee**

## Risks facing the Hendre Group

The Board has strengthened its governance arrangements and its regulatory status was returned to 'Standard' in December 2020. The Board has identified one of its strategic objectives to be first-class governance. It is important that we continue to build on the progress we have made. During the Covid-19 pandemic our Governance model adapted to ensure flexibility and agility in our decision making and risk management to enable business continuity.

The Board recognises that, in an uncertain economic environment, there are significant operational and financial risks and challenges that face the Group at present and into the foreseeable future, particularly given the diverse nature of the Group's operations. Some of these risks are known, identifiable and manageable and have been incorporated into the Group's strategic risk register.

'The Hendre Board has overall oversight of the organisation's strategic risks. The detail is delegated to our Audit and Risk Committee (ARC) who scrutinise the risks at every meeting and report back to the Board that risks are being managed and that there are appropriate mitigations and controls in place. The strategic risks are reviewed on a regular basis both

individually and collectively by the Executive team prior to being scrutinised by Audit and Risk Committee.

The Covid-19 crisis has impacted our risks and operating environments and risk profile has been updated to reflect these changes. Emphasis in Hendre has moved from managing the pandemic to monitoring the resilience of our business and delivery of our strategic priorities.

In addition to this, an exercise was carried out with the Executive team and Hendre Board to review the English and Welsh sector risks, the risks highlighted by the insurance industry and finally looking at the world risks to inform our thinking. The 'wisdom' emerging is that a prudent but adaptive approach to corporate activity, supported by good governance, will be a major determinant in corporate survival post-Covid-19. On that accepted wisdom, the entire risk profile has been challenged.

The organisation works closely with our Internal Auditors RSM adopting a risk based approach to setting the internal audit programme and programme of deep dives to provide the Board with another level of assurance around our management of risk. This will be an ongoing

process to ensure the organisation is on the front foot and we remain vigilant to the changes to our operating environment.

The Board sets clear financial performance objectives, for both the short and long term, for each operational area of the business. There is a well defined framework for key financial controls with a robust process of reporting and monitoring financial performance to the Board.

The Group's treasury management policy is the mechanism by which the Board outlines the type and amount of risk it is prepared to assume to deliver its strategy and run day-to-day operations. Its treasury management activities are defined as:

'The management of the organisation's investments and cash flows, its banking, money market, capital markets and derivative transactions, and its security portfolio; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.'

Furthermore, in December 2021, the Hendre Board approved a set of 'early warning indicators' that provides a clear view of the

Group's financial risk appetite and how they are utilised as a control in balancing strategic ambitions with continued financial resilience.

The Group continues to invest in new developments through a variety of delivery methods, including traditional grant funded, intermediate grant funded, section 106 and low-cost home ownership. This requires careful monitoring and management of our commitments to ensure external lenders' covenants are not breached.

The majority of colleagues employed by the Group are in defined contribution pension schemes with the exception of those who were transferred into Hafod Care Association Limited when it took over the management of the residential care homes in Torfaen. As part of the transfer of engagements of Hafod Care Association Limited to Hafod Housing Association Limited in 2019, the pension scheme assets and liabilities were transferred to Hafod Housing where colleagues are entitled to defined benefits offered by the Torfaen Local Government Pension Scheme. Full disclosure of the financial exposure to this scheme is included in notes to the financial statements.

## Value for Money

Value for Money (VfM) is about delivering services in the most effective and efficient way aligned to our vision of 'improving health, well-being and prosperity in communities by helping to integrate the systems of housing, health, social care and support'.

For Hendre and its entities, value for money is about ensuring that every pound spent makes the best use of resources to deliver the maximum impact possible and that it does so in the pursuit of social objectives that benefit a range of stakeholders.

We see Welsh Government's Regulatory Framework, which states that housing associations must achieve value for money and make the best use of resources, as an opportunity as well regulatory obligation. With effective governance, management and accountability, we will embed value for money into every aspect of our operations to enable us to address emerging housing, support and social care needs to meet the challenges for 2022 and beyond.

In 2020 our Board agreed our new VfM strategy. Within our strategy we have identified objectives in four key areas:

To maximise value from our Group structure

To obtain VfM through effective procurement

To understand value to enable us to optimise efficiencies and use resources effectively

To deliver community benefits

### Legal status and rules

Hendre Limited is a 'not for profit' organisation administered by the Board and is registered as a charitable housing association (No. 29386R) under the Co-operative and Community Benefits Societies Act 2014 and is registered with the Welsh Government (No. L132).

The Registered Office of the Association is St Hilary Court, Copthorne Way, Culverhouse Cross, Cardiff, CF5 6ES.

Hendre Limited has a thirty per cent equity investment in the Welsh Housing Partnership and WHP2.

Hendre Limited and its subsidiaries are members of Community Housing Cymru.

### Structure of group

Hendre Limited is the parent organisation of the Hendre Group. At the year end the Group comprised Hendre Limited (the 'parent'), Hafod Housing Association Limited, Hafod Resources Limited, Foundation Housing Tai Sylfaen (the 'subsidiaries') and Yellow Wales, a subsidiary of Hafod Housing Association Limited.

'Hafod Housing Association Ltd (registered number IP18766R) is registered under the Co-operative and Community Benefit Societies Act 2014 and is registered as a registered social landlord with the Welsh Government.

Hafod Resources Limited is registered under the Companies Act. Hendre Limited is the sole shareholder in Hafod Resources Limited.

Foundation Housing Tai Sylfaen is a non-registered social landlord, registered under the Co-operative and Community Benefit Societies Act 2014.

Yellow Wales is a registered charity and a company limited by guarantee.

All members of the Group are 'not for profit' organisations with the exception of Hafod Resources Limited. The subsidiaries, with the exception of Hafod Resources Limited, are registered under charitable rules and consequently their activities will be exempt from corporation tax under current legislation.

Hendre Limited's subsidiaries are administered by separate Boards. Hendre Limited exercises its parental control over its subsidiaries by having the ability to appoint, at any time, the majority of Members onto each of the Boards of its subsidiaries. Hendre Limited, as sole shareholder, appoints all Members to the Board of Hafod Resources Limited.

### Shareholders

Membership will be restricted to people who will have a long-term interest in the well-being of Hendre Limited and the Group and are likely to be able to make some significant contribution to its work. People admitted to membership will be those who are likely to be candidates for election to the Board and who can make a substantial contribution to the long-term well-being of Hendre Limited and the Group. Membership will, therefore, be restricted to a relatively small group, having a 'stewardship' role.

No individuals or organisations will be admitted into membership under circumstances in which an individual might derive personal gain, financially or otherwise.

All applicants to become a shareholder of Hendre's subsidiaries are subject to approval of the Hendre Limited Board.

## Our landlord compliance (December 2021)

### Gas safety

99.96%  
compliance

### LOLER

86.2%  
compliance

### Electric

99.98%  
compliance

During the year the following senior executives were also employed by the Group:

<b>Deputy Chief Executive</b>	David Hayhoe (to December 2021)
<b>Operations Director</b>	Luke Mitchell (to September 2021)
<b>Asset Management and Property</b>	
<b>Interim Responsible Individual</b>	Catrin Fletcher (to November 2021)

The senior executives hold no interest in the shares of Hendre Limited or its subsidiaries. Under the Regulation and Inspection of Social Care (Wales) Act 2016 (the "Act"), Hafod Housing Association Limited must appoint a Responsible Individual ("RI") in relation to its regulated services. In order to meet the Act Jackie Whiller was appointed as the interim Responsible Individual in November 2021 and is co-opted on to the Hafod Housing Board.

### Current obligations of Board members to the Board and to Hendre Limited

The Board has ultimate responsibility for the governance of Hendre and ultimate control over all aspects of its work to ensure its financial, legal and service obligations are properly fulfilled.

The Board is responsible for setting strategy and directing Hendre's affairs, ensuring its long-term success. Day to day leadership and management is delegated to the Chief Executive and through the Executive team.

The core responsibilities of the Board, as set out in the Board members role description, and terms of reference, are as follows:

- to set and oversee the long term strategic direction for the organisation
- to contribute to, and share responsibility for, Board decisions; including the duty to exercise all reasonable care, skill and independent judgement
- to set the risk appetite and monitor risk
- to ensure an effective business plan and budget is in place and that the business remains financially viable
- to ensure that performance is monitored against targets and managed through internal controls and delegation
- to approve key policies and take decisions about matters reserved to the Board
- to ensure that the Board fulfils its duties and responsibilities for the proper governance of the organisation including compliance

All Board and Committee members must, within one month of appointment, sign and deliver to the Board a statement confirming that they will meet their obligations to the Board and to Hendre Limited.

### Skills, qualities and experience required by the Board from its members

The Board must be competent in the wider sense to carry out its defined role. Competence in this wide sense goes beyond particular skills. It includes the ability to understand the impact of the Group's work on local communities and those it seeks to serve. It requires a high level of commitment and cohesion in pursuit of shared goals.

We have a robust Governance Framework in place that includes:

- Statement of preferred composition
- Membership policy
- Role profiles for Board and Committee Members
- Strengthened the Board and Audit and Risk Committee with new members
- Board charter
- Succession plan
- Annual performance reviews

The performance reviews are carried out annually and are designed to assess the skills, experience and competencies of members individually and collectively against business requirements. The emphasis for the individual performance review is the assessment of each member's contribution to Board effectiveness and any personal development needs. This is done via a form completed by each Board member and then a discussion with the Chair, Vice Chair or Chair of the relevant committee.

The outcome of the performance review process is the development of collective and personal development plans and a succession statement and plan for the forthcoming year.

## Our landlord compliance (December 2021)

### Statement of responsibilities of the Board in respect of the Board's strategic report and the financial statements

The Board is responsible for preparing the Board's strategic report and the financial statements in accordance with applicable law and regulations.

The law requires the Board to prepare Group and parent Association financial statements for each financial year. Under those regulations the Board has elected to prepare the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

The financial statements are required by law to give a true and fair view of the state of affairs of the Group and the parent Association and of the surplus or deficit for that period.

In preparing these financial statements, the Board is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;

- State whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The Board is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Group and the parent Association and enable them to ensure that their financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Requirements for Registered Social Landlords General Determination (Wales) 2015.

The Board has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Group and to prevent and detect fraud and other irregularities. The Board is also responsible for ensuring the integrity of the corporate and financial information included on our website.

### Housing Association governance – reporting on internal controls

The Welsh Government requires Registered Social Landlords (RSLs) to report on internal controls (Welsh Government Circular RSL 02/10). These requirements have been adapted to suit RSLs. The Group has adopted the Community Housing Cymru code of governance.

We believe that good governance is essential to the success and sustainability of our business. The Governance Framework has been published to aid board's decision-making process and its responsibility at Hendre Group. It gives access to key governance documents with the aim of strengthening our governance and increasing our governance literacy.

The documents have been written using best practice and will provide us with the framework to meet the organisation's regulatory and legal obligations.

The Board is ultimately responsible for the Group's system of internal control which is designed to provide reasonable but not absolute assurance regarding the safeguarding of the assets, the maintenance of proper accounting records and the reliability of financial information.

The following mechanisms have been put in place, which are designed to provide effective internal financial control:

- Clearly defined management and reporting structures;
- Careful recruitment and effective financial training programmes;
- Board Assurance Framework;

- Regulations and procedures manuals for colleagues;
- Management information and accounting systems with quarterly reporting of financial results and other performance indicators;
- Rolling five and thirty year strategic business plan forecasts; and
- Monitoring of the control systems by the Audit and Risk Committee.

The Audit and Risk Committee has a wide remit to monitor all aspects of risk and assurance management, audit, internal control, whistleblowing, fraud, money laundering and bribery prevention.

### Subsequent events

The Group complies with best practice on the prevention of fraud. In particular, it has a clear counter fraud policy and strategy in place. The strategy covers the prevention, detection and reporting of fraud and the recovery of assets. There have been no cases of fraud reported during the year.

RSM was appointed as the Group's internal auditor in 2019. Its reports are presented for scrutiny at the Audit and Risk Committee and then ratified at the Hendre Board. The annual internal audit programme is determined in annual workshops held with Hendre Board, Audit and Risk Committee, Executive Team and RSM.

There have been no events subsequent to the date of the Group's financial position that have had a material effect on the results of the Group as reported in these financial statements.

### Modern slavery statement

Our Board are committed to ensuring that we comply with our legal and regulatory responsibilities, including the Modern Slavery Act 2015. Click to view our modern slavery statement.

### Disclosure of information to the Auditor

The Board members who held office at the date of approval of this report confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each Board member has taken all the steps that they ought to have taken as a Board member to make themselves aware of any relevant audit information and to establish the Group's auditor is aware of such information.

### Annual general meeting

The annual general meeting will be held on 20 June 2022.

### Auditor

The auditor, Mazars LLP, is willing to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

The report of the Board was approved on 23 May 2022 and signed on its behalf by:

Jonathan Morgan  
Chair of Board

### Independent auditor's report to the members of Hendre Limited

#### Opinion

We have audited the financial statements of Hendre Limited (the 'parent association') and its subsidiaries (the 'group') for the year ended 31 December 2021 which comprise the Group and Hendre Limited's Statements of Comprehensive Income, the Group and Hendre Limited's Statements of Financial Position, the Group and Hendre Limited's Statements of Cash Flows and the Group and Hendre Limited's Statements of Changes in Reserves and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent association's affairs as at 31 December 2021 and of the group's and Hendre Limited's surplus for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, the Co-operative and Community Benefit Societies (Group Accounts) Regulations 1969, the Housing and Regeneration Act 2008 and the Accounting Requirements for Registered Social Landlords General Determination (Wales) 2015.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and Hendre Limited in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and Hendre Limited's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Board members with respect to going concern are described in the relevant sections of this report.

### Other information

The other information comprises the information included in the Report and Financial Statements, other than the financial statements and our auditor's report thereon. The Board members are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

We have reviewed the Board's statement on Hendre Limited's compliance with the Welsh Government circular RSL 02/10 'Internal controls and reporting'. We are not required to express an opinion on the effectiveness of Hendre Limited's system of internal control.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Opinion on other matters prescribed by the Welsh Government circular RSL 02/10 'Internal controls and reporting'

In our opinion, based on the work undertaken in the course of the audit, with respect to the Board's statement on internal control:

- the Board has provided the disclosures required by the Welsh Government circular RSL 02/10 'Internal controls and reporting'; and
- the statement is not inconsistent with the information of which we are aware from our audit work on the financial statements.

### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Cooperative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- the parent association has not kept proper books of account; or
- a satisfactory system of control over transactions has not been maintained; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we require for our audit.

### Responsibilities of the Board

As explained more fully in the Statement of the Board's responsibilities set out on page 26, the Board is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible for assessing the group's and Hendre Limited's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the group or Hendre Limited or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the company and its industry, we considered that non-compliance with the following laws and

regulations might have a material effect on the financial statements: employment regulation, health and safety regulation, anti-money laundering regulation, non-compliance with implementation of government support schemes relating to COVID-19.

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect of non-compliance, our procedures included, but were not limited to:

- Inquiring of management and, where appropriate, those charged with governance, as to whether the company is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- Inspecting correspondence, if any, with relevant licensing or regulatory authorities;
- Communicating identified laws and regulations to the engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- Considering the risk of acts by the company which were contrary to applicable laws and regulations, including fraud.

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as tax legislation, pension legislation, the Co-operative and Community Benefit Societies Act 2014, the Co-operative and Community Benefit Societies (Group Accounts) Regulations 1969, the Housing and Regeneration Act 2008 and the Accounting Requirements for Registered Social Landlords General Determination (Wales) 2015.

In addition, we evaluated the directors' and management's incentives and opportunities for fraudulent manipulation of the financial statements, including the risk of management override of controls, and determined that the principal risks related to posting manual journal entries to manipulate financial performance, management bias through judgements and assumptions in significant accounting estimates, in particular in relation to revenue recognition (which we pinpointed to cut off), and significant one-off or unusual transactions.

**Our audit procedures in relation to fraud included but were not limited to:**

- Making enquiries of the Board and management on whether they had knowledge of any actual, suspected or alleged fraud;
- Gaining an understanding of the internal controls established to mitigate risks related to fraud;
- Discussing amongst the engagement team the risks of fraud; and
- Addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud rests with management. As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of the audit report**

This report is made solely to Hendre Limited's members as a body in accordance with Part 7 of the Co-operative and Community Benefit Societies Act 2014 and Chapter 4 of Part 2 of the Housing and Regeneration Act 2008. Our audit work has been undertaken so that we might state to Hendre Limited's members those matters we are required to state to them in an auditor's report and for no other purpose.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Hendre Limited and Hendre Limited's members as a body for our audit work, for this report, or for the opinions we have formed.

## Notes to the financial statements Year ended 31 December 2021

### 1 Principal accounting policies

#### a) Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, in accordance with Financial Reporting Standard 102 (March 2018) (FRS 102) issued by the Financial Reporting Council and comply with the Statement of Recommended Practice for registered social housing providers 2018 (SORP), the Housing and Regeneration Act 2008 and the Accounting Requirements for Registered Social Landlords General Determination (Wales) 2015. The Group is a public benefit entity, as defined in FRS 102 and applies the relevant paragraphs prefixed 'PBE' in FRS 102.

#### b) Going concern

In preparing the financial statements on the going concern basis the directors have had regard to the budgets, business plans, liquidity position and financial forecasts for the Group. The Board has reviewed and approved a number of stress tests to the business plan in light of the COVID-19 pandemic together with assessment of plans to mitigate any impacts arising. Following this review the Directors consider it appropriate to draw up the financial statements on the going concern basis.

#### c) Basis of consolidation

The Group financial statements consolidate the financial statements of Hendre Limited and its subsidiary undertakings drawn up to 31 December each year. Business combinations which are considered to be acquisitions are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the Group. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Combinations carried out at nil consideration are accounted for so that any excess of fair value of the assets received over the fair value of the liabilities assumed is recognised as income within the statement of comprehensive income. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

#### d) Other accounting policies

The accounting policies applied in preparing these financial statements are set out in the notes that follow.

### 2 Significant management judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The following are management judgements in applying the accounting policies of the Association that have the most significant effect on the amounts recognised in the financial statements:

#### *Classification of financial instruments between basic and other*

Financial instruments are classified as either basic or other, with differing accounting treatments depending on the classification. Section 11 of FRS 102, 'Basic Financial Instruments', sets out the requirements for the recognition, measurement and derecognition of basic financial instruments. This section sets out the conditions that must be met in order to classify a financial instrument as basic and therefore account for it in accordance with Section 11. The Association has considered this guidance and concluded that FRS 102's requirements are most appropriately interpreted to classify all financial instruments held by the Association as basic.

#### *Development expenditure*

The Group capitalises development expenditure in accordance with the accounting policy described on page 42. Distinguishing the point at which a project is more likely than not to continue, allowing capitalisation of associated development costs, requires judgement. Initial capitalisation of costs is based on management's judgement that the development scheme is confirmed and, in determining whether a project is likely to cease, management monitors the development and considers if changes have occurred that result in impairment.

Key sources of estimation uncertainty applied in preparing these financial statements include the following:

- i) Investment properties are measured at fair value bi-annually with any change recognised in surplus in the Statement of Comprehensive Income. A formal external valuation was carried out at 31 December 2021 and was prepared in accordance with the RICS Valuation - Global Standards 2017. (see note 18)
- ii) The Group has obligations to pay pension benefits to certain employees. The cost of these benefits and the present value of the obligation depend on a number of factors, including life expectancy, salary increases and the discount rate on corporate bonds. Management estimates these factors in determining the net pension obligation in the balance sheet. Variations in these assumptions could significantly impact the liability. The assumptions selected and associated sensitivity analysis are disclosed in note 39.
- iii) Where land is acquired at below market value from a government source, this is accounted for as a non-monetary government grant. The land is recognised at fair value, taking account of any restrictions on the use of the land. The difference between the fair value of the land acquired and the consideration paid is recognised as a government grant and included as a liability. A valuation technique is used which incorporates all factors that market participants would consider in setting a price. This is a judgemental exercise involving the selection of a method, formulae and assumptions.

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs are calculated using the effective interest rate, which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of a financial instrument and is determined on the basis of the carrying amount of the financial liability at initial recognition. Under the effective interest method, the amortised cost of a financial liability is the present value of future cash payments discounted at the effective interest rate and the interest expense in a period equals the carrying amount of the financial liability at the beginning of a period multiplied by the effective interest rate for the period.

The Group does not capitalise any interest costs associated with its development activity.

### 12 Taxation

Hendre Limited is registered for VAT. All the subsidiaries, except Yellow Wales, are VAT registered but a large proportion of their income is exempt for VAT purposes and this therefore gives rise to a partial exemption calculation. Expenditure is therefore shown inclusive of VAT, and the input VAT recovered is included in income.

The surpluses of Hendre Limited and the subsidiaries are exempt from taxation as they are accepted as charities for tax purposes with the exception of Hafod Resources Limited whose profits are subject to corporation tax.

Deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date that are expected to apply to the reversal of the timing difference. Deferred tax relating to investment property is measured using the tax rates and allowances that apply to sale of the asset.

### 14 Housing properties (continued)

In addition to the components replaced in the year, a further £1.9m was spent on major repairs (excluding overheads) and has been written off to the statement of comprehensive income (2020: £0.7m). Physical adaptation works (PAG's) and buy back of properties capitalised in the year amounted to £1.2m (2020 £0.7m).

Properties for letting are stated at historic cost less depreciation. Cost includes the cost of acquiring land and buildings and development costs. Where land or buildings are acquired at below market value e.g. as part of a Section 106 agreement (under the Town and Country Planning Act 1990), the carrying value reflects the fair value of the asset received, with the subsidy implicit in the arrangement deemed as grant. Surpluses or deficits resulting from the sale of properties are shown in the statement of comprehensive income under surpluses/deficits from the sale of property, plant and equipment.

Direct development administration costs capitalised in the year amounted to £0.5m (2020: £0.5m). Costs which are directly attributable to the development activity are capitalised including any third party legal, professional or consultancy costs incurred directly in bringing a project into management. The Association does not capitalise any interest costs associated with its development activity.

Direct maintenance administration costs capitalised in the year amounted to £0.2m (2020: 0.1m) and are included in the components replaced in the year above.

The Group charges depreciation on properties for letting and capitalised components on a straight line basis in order to write off the asset's cost less residual value over its useful economic life.

The above figures exclude the Group's investment in WHP (see note 21).

Where a property for letting comprises two or more major components with substantially different useful economic lives, each component is accounted for separately and is depreciated over its individual useful economic life. Expenditure relating to replacement or renewal of components is capitalised as incurred.

Depreciation on properties for letting is charged from the beginning of the year following the property entering into management. Depreciation on capitalised components is charged from the beginning of the year following the replacement of a capitalised component.

Depreciation is charged on a straight line basis over the assets expected useful economic life as follows:

Component	General needs and supported housing	Residential and nursing homes
Property structure	100 years or the period of lease	50 years or the period of lease
Kitchens	15 years	30 years
Bathrooms	25 years	25 years
Heating systems	15 years	20 years
Electrics	35 years	35 years
Window and doors	30 years	30 years
Roof	65 years	50 years
Lifts	20 years	20 years
Physical adaptations	20 years	n/a
Conversions	20 years	20 years

Shared ownership properties are not depreciated as the residual value, which is the estimated amount that would currently be obtained from sale, is not less than the carrying value. All properties are split between fixed and current assets in line with the expectation relating to the first tranche sale percentage. The expected first tranche proportion is classified as a current asset until the point of the first tranche sale. The current asset is then transferred to cost of sales and matched against the sale proceeds within the operating surplus in the statement of comprehensive income. Any operating surplus is restricted to the overall surplus which takes account of the Existing Use Value - Social Housing (EUV-SH) of the remaining fixed asset element. The remaining element of the asset is classified as a fixed asset and included in the housing properties as cost less social housing grant, less any provision for depreciation or impairment.

## Notes to the financial statements Year ended 31 December 2021

### 15 Impairment review

Properties held for their social benefit are not held solely for the cash inflows they generate and are held for their service potential. An assessment is made at each reporting date as to whether an indicator of impairment exists. If such an indicator exists, an impairment assessment is carried out and an estimate of the recoverable amount of the asset is made. Where the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognised in surplus or deficit in the statement of comprehensive income. The recoverable amount of an asset is the higher of its value in use and fair value less costs to sell. Where assets are held for their service potential, value in use is determined by the present value of the asset's remaining service potential plus the net amount expected to be received from its disposal. Depreciated replacement cost is taken as a suitable measurement model.

An impairment loss is reversed if the reasons for the impairment loss have ceased to apply and included in surplus or deficit in the statement of comprehensive income.

During 2021 Hafod Housing Association Limited made a provision for two developments which have suffered irrecoverable costs relating to legal fees and a change of developer.

The Group is satisfied, by consideration of a number of factors, that there is no indication of impairment to any category of assets other than stated above, and thus considers that a full, detailed impairment evaluation is not required. In arriving at this conclusion the Group has considered the current level of demand for property across all areas and property types, the low level of void losses, current and projected cash flows, and the ongoing investment in property maintenance and improvement.

The classification of properties as investment property or property plant and equipment is based upon the intended use of the property. Properties held to earn commercial rentals or for capital appreciation or both are classified as investment properties. Properties that are used for administrative purposes or that are held for the provision of social housing are treated as property plant and equipment. Mixed use property is separated between investment property and property, plant and equipment. Investment properties are measured at fair value annually with any change recognised in surplus or deficit in the statement of comprehensive income.

### 23 Debtors due after more than one year (continued)

Housing Finance Grant (HFG) is paid by the Welsh Government towards the costs of housing assets over a period of 30 years to subsidise the capital and interest costs for the provision of affordable housing. The net present value of the HFG receivable over the agreed payment term is recognised as a capital grant and a deferred debtor. Upon receipt of the grant payments, the debtor decreases by the capital element and the difference between this and the amount of grant received is credited to surplus or deficit in the statement of comprehensive income as a contribution towards the financing cost of that scheme. The discount rate used for the net present value calculations is the same rate that applies to the associated borrowing to fund the housing assets. The capital grant element of HFG previously received is deemed to be repayable upon disposal of a related housing asset. This is treated as recycled capital grant in the recycled capital grant fund and included in the statement of financial position as a creditor.

The CoCo Debt takes the form of a convertible loan note instrument which provides for the issue of notes (the CoCo Notes) which represent a debt owed by MORhomes plc. The CoCo Notes will convert from debt to shares in MORhomes upon certain prescribed events occurring.

As part of the Welsh Government's 'Land for Housing' initiative, Hafod Housing Association Limited received a public benefit entity concessionary loan of £2.9m during 2020. Repayments of £1.572m were made leaving a balance of £1.328m at 31 December 2021 (2020: 2.5m). The loan was specifically used for the acquisition of land and is repayable when construction of the scheme begins or within five years, whichever is earlier.

Government grants, including social housing grant (SHG) received from the Welsh Government, relating to the acquisition and development of the Group's housing properties are accounted for under the accrual model and recognised in turnover over the expected useful life of the housing property structure (see note 15). Where land or buildings are acquired at below market value e.g. as part of a Section 106 agreement (under the Town and Country Planning Act 1990), the carrying value reflects the fair value of the asset received, with the subsidy implicit in the arrangement deemed as grant.

As at 31 December 2021, the Group had received £12.127m (2020: £10.691m) in social housing grant (SHG) from the Welsh Government in relation to the investment in its joint venture, the Welsh Housing Partnership. The grant is treated as deferred income until the benefits of the grant are realised.

Where there is a requirement to either repay or recycle a grant received for an asset that has been disposed of, a provision is included in the statement of financial position to recognise this obligation as a liability. When approval is received from the funding body to use the grant for a specific development, the amount previously recognised as a provision for the recycling of the grant is reclassified as a creditor in the statement of financial position. There is no recycled capital grant fund repayable within 12 months.

### 31 Homebuy grants

### 33 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. The carrying value of the Association's financial assets and liabilities are summarised by category below:

## Notes to the financial statements Year ended 31 December 2021

### 33 Financial instruments (continued)

#### Financial assets measured at undiscounted amount receivable

Short term debtors with no stated interest rate receivable within one year are recorded at transaction price; any changes are recognised in the statement of comprehensive income.

Where loans are made or received between a public benefit entity within the Group at below the prevailing market rate of interest that are not repayable on demand and are for the purposes to further the objectives of the public benefit entity, these loans are treated as concessionary loans and are recognised in the statement of financial position at the amount paid or received and the carrying amount adjusted to reflect any accrued interest payable or receivable.

#### Financial assets measured at amortised cost

Financial assets are initially recognised at fair value plus directly attributable transaction costs. After initial recognition, they are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. If there is objective evidence that there is an impairment loss, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced accordingly. A financial asset is derecognised when the contractual rights to the cash flows expire, or when the financial asset and all substantial risks and reward are transferred. If an arrangement constitutes a financing transaction, the financial asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

#### Financial liabilities measured at amortised cost

Non-current debt instruments which meet the necessary conditions in FRS 102, are initially recognised at fair value adjusted for any directly attributable transaction cost and subsequently measured at amortised cost using the effective interest method, with interest-related charges recognised as an expense in finance costs in the statement of comprehensive income. Discounting is omitted where the effect of discounting is immaterial. A financial liability is derecognised only when the contractual obligation is extinguished, that is, when the obligation is discharged, cancelled or expires.

### 39 Pension scheme

#### a) Greater Gwent (Torfaen) Pension Fund

On 1 August 2002 Hafod Care Association Limited acquired, from Torfaen County Borough Council, five residential homes for the elderly. Staff employed at these homes were transferred to the employment of Hafod Care Association Limited under Transfer of Undertakings (Protection of Employment) regulations. Prior to transfer, employees at these homes had been eligible to participate in the Local Government Pension Scheme; a defined benefit scheme. From the date of transfer the Administering Authority (Torfaen CBC) and the Transferee Admission Body (Hafod Care Association Limited) entered into an agreement to enable eligible employees to continue to be members of the Scheme and participate in the Pension Fund. On 31 July 2019, as part of the transfer of engagements from Hafod Care Association Limited to Hafod Housing Association Limited the pension fund including eligible employees transferred to Hafod Housing Association Limited.

In respect of employees who are members of Torfaen Local Government Pension Scheme, the Association operates a pension scheme providing benefits based on final pensionable salary. The assets of the scheme are held separately from those of the Association. Pension scheme assets are measured using market values (in respect of quoted securities this is current bid price). Pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liability.

The pension scheme surplus (to the extent that it is recoverable) or deficit is recognised in full. The movement in the scheme surplus/deficit is split between operating charges, finance items and in the statement of comprehensive income.

The latest full actuarial valuation was carried out at 31 March 2019. For the purposes of these Financial Statements the valuation was updated, by a qualified independent actuary, to comply with Section 28 (Employee Benefits) of FRS 102. In order to reflect the volatile economic climate caused by Covid-19, the most up to date available data was used in the valuation.

The contribution rate payable by the Association for all its employees in the scheme for 2021 was 30.5% (2020: 29.6%). Contributions paid during the year were £51,310 (2020: £51,826), no costs were paid in respect of early retirement benefits (2020: nil). The company expects to contribute approximately £53,000 to the scheme in the next financial year.

The main assumptions used in this valuation were:

	2021 %	2020 %
Rate of increase in salaries	3.2	2.8
Rate of increase of pensions in payment and deferred pensions	2.9	2.5
Discount rate applied to scheme liabilities	1.9	1.3

## Notes to the financial statements Year ended 31 December 2021

### 39 Pension scheme (continued)

Mortality assumptions:

The following standard mortality tables were used in the evaluation:

#### Post retirement mortality assumptions

Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2020 model, with a 0% weighting of 2020 data, standard smoothing (Sk7), initial adjustment of 0.5% and a long term rate of improvement of 1.5% per annum. Based on these assumptions the average future life expectancy at 65 are summarised below

#### Life expectancy (at the end of the year)

- of a male (female) future pensioner (in 20 years time)	22.1 (25.4) years
- of a male (female) current pensioner	20.7 (23.4) years

The assumptions used by the actuary are the best estimates chosen from a range of possible actuarial assumptions which, due to the timescale covered, may not necessarily be borne out in practice.

#### Scheme assets/(liabilities)

The fair value of the scheme's assets, which are not intended to be realised in the short term and may be subject to significant change before they are realised, and the present value of the scheme's liabilities, which are derived from cash flow projections over long periods and thus inherently uncertain, were:

## Notes to the financial statements

### Year ended 31 December 2021

#### 39 Pension scheme (continued)

##### Sensitivity analysis

The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Change in assumptions at 31 December 2021	Approximate % increase to employer liability	Approximate monetary amount (£'000)
0.1% decrease in real discount rate	2%	154
1 year increase in member life expectancy	4%	391
0.1% increase in the salary increase rate	0%	4
0.1% increase in the pension increase rate	2%	148

##### b) Other pension arrangements

As at 31 December 2021 the Group had active members in four other pension schemes (in addition to the Torfaen Local Government Pension Scheme). These schemes were: National Employment Savings Trust (NEST); a group personal pension plan with AEGON; a group defined contribution scheme with Scottish Widows; and a stakeholder pension scheme with Standard Life Assurance. New members of staff employed by the Group were auto-enrolled into either the National Employment Savings Trust (NEST); or a group personal pension plan with AEGON, depending on which pension scheme was offered under their contract of employment. The Scottish Widows and the Standard Life schemes are closed to new members. The costs of these four schemes are written off to the statement of comprehensive income on an accruals basis. The assets of these schemes are held separately from those of the Association in independently administered funds. The Group operates a salary exchange scheme that is available to all employees in the AEGON pension plan.

#### 40 Subsidiary undertakings

At the year end the following were the subsidiaries of Hendre Limited. All are wholly owned, have share capital comprising non-equity shares (except for Hafod Resources Limited which has only ordinary shares) and are incorporated in Great Britain and registered in England and Wales.

Company name	Nature of activity
Hafod Housing Association Limited	Provision of housing, support and care
Foundation Housing Tai Sylfaen Limited	Provision of emergency housing and support (not active)
Hafod Resources Limited	General commercial (not active)
Yellow Wales	Provision of training and support to young vulnerable adults (not active)
